

With increased challenges to do more with less, it is more important than ever for businesses to empower teams with tools that unite them and promote communication. Together you can go further with the right collaboration tools. As workforces become more dispersed, it is harder than ever to get team members together to share information and get decisions made.

INCREASE EMPLOYEE SATISFACTION

As your team grows and evolves, collaboration tools make it easier for team members to get up to speed. Once on boarded, employees ramp up quickly and are empowered to succeed.

ACCELERATE YOUR DECISION MAKING

Use collaboration tools to bring together your decision makers, wherever they are, for faster decision making.

INCREASE EMPLOYEE PRODUCTIVITY

Is your team collaborating at peak efficiency? Are they having fun working together from wherever they happen to be?

67% Productivity increases 67% in a digital workplace²

53% Employee engagement increases 53% in a digital workplace²

43% Revenue growth is 43% higher in a digital workplace²

INCREASE REVENUE GROWTH

The buyer's journey has evolved. Consumers expect instant, real-time responses when making purchases.

71%
Say they want to use video to meet with customers & partners.

Businesses that can incorporate collaborative tools into sales processes will reap revenue growth.

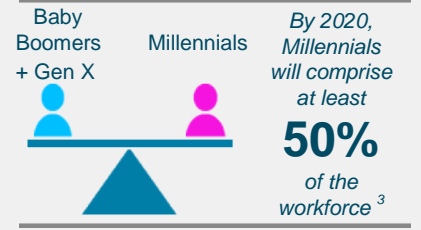

THE UPS AND DOWNS OF COLLABORATION

LESS COMPLEXITY

By using our web based collaboration solution, you simply log into your secure domain and provision new users onto the platform.

REDUCE EMPLOYEE CHURN

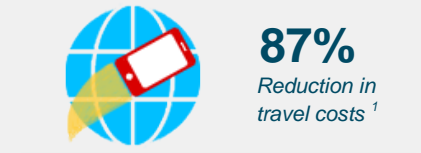

With the increase of Millennials in the global workforce, it is critical that employers offer employees the same real time interaction that they are accustomed to in their personal lives.

DECREASE COST OF INFRASTRUCTURE

Collaborating from the cloud not only connects everyone, it also provides an affordable alternative to room-based systems or specialised services that typically only provide access to a few users and cost much more.

REDUCE TRAVEL EXPENSE

DECREASE DOWNTIME

With our state-of-the-art, intuitive and cost-effective Temovi real time collaboration platform, offer your team their own personal rooms for collaboration that can be launched

instantly from web and mobile clients. And access is available anywhere.

LESS INVESTMENT WITH CLOUD COLLABORATION

The right real-time communications system allows multi-platform access to UC apps from anywhere with a network connection and enables communication and collaboration for your team at an affordable price.

87% Say video helps employees work remotely without feeling disconnected¹
