About

UNIFIED COMMUNICATIONS

Teleworking is good for businesses, good for employees and good for society.

Unified Communications delivers all the features organizations expect from a traditional phone system, plus a full suite of unified communications services including video conferencing, instant messaging and presence. All delivered in the form of a flexible, reliable and affordable cloud-based service.

Unified Communications Benefits for IT Organizations

- No equipment to purchase, extend or maintain
- No complex hardware to configure and support
- Flexible pay-as-you-go licensing models
- Future-proof – new features delivered in the cloud
- Investment protection – adds value to PBXs

Unified Communications Benefits for Employees

- Anywhere, anytime access
- Complete business phone system features
- Video and UC collaboration capabilities
- Rich set of productivity and time-saving tools
- Online and Web clients and IP phones
